

CAMPUS SAFETY AND SECURITY DISCLOSURE

Campus Security Act Information Disclosure - Under the Crime Awareness Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 HEA. This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998 and 2000. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act. On Aug. 14, 2008, the Higher Education Opportunity Act or HEOA (Public Law 110-315) reauthorized and expanded the Higher Education Act of 1965, as amended. HEOA amended the Clery Act and created additional safety- and security-related requirements for institutions.

Summit Salon Academy Kokomo is committed to providing safety to all of its students, faculty, and staff. If a crime happens to the student or the student's property or if there is an emergency occurring on campus, report the incident to an educator, director or owner immediately. That individual will assist the student or guest in reporting the crime to the local police or other appropriate security force.

Summit Salon Academy Kokomo will provide students, faculty, and staff with a annual security report from the previous calendar year by October 1st of the following year. Statistics will be gathered from the local police and compiled in the annual report.

The report will show the number of incidents on campus, including The Academy parking lot and adjacent streets. At any time, statistics can be accessed from The Academy Financial Aid Office.

Although The Academy does not employ security officers, Summit Salon Academy Kokomo has a working relationship with the local police who are able to support and provide services promptly in the event of an incident. We encourage accurate and prompt reporting of all crimes to the local police.

The facilities are open Monday through Saturday according to assigned class/salon area schedules. The building may also be open for educational classes for licensed professionals in cosmetology or to groups securing the use of the facilities through the owner. Educators, Administration and owners have keys to the building thus preventing internal crimes to as great an extent as possible.

We encourage students and employees to be responsible for their own security and the security of others.

Summit Salon Academy Kokomo does not provide any programs on campus regarding security or prevention of crimes. If students wish to learn more about personal security or prevention of crimes, contact the local Police Department.

- Summit Salon Academy Kokomo does not have any off-campus locations and therefore all monitoring and recording of any criminal activity is conducted on campus and the surrounding accessible areas. (See Campus Geography)

It is the sense of Congress that, in an effort to change the culture of alcohol consumption on college campuses, all institutions of higher education, should carry out the following:

1. The president of the institution should appoint a task force consisting of school administrators, faculty, representatives, and others to conduct a full examination of student and academic life at the institution. The task force should make recommendations for a broad range of policy and program changes that would serve to reduce alcohol and other drug-related problems. The institution should provide resources to assist the task force in promoting the campus policies and proposed environmental changes that have been identified.
2. The institution should enforce a "zero tolerance" policy on the illegal consumption of alcohol by students at the institution.
3. The institution should vigorously enforce the institution's code of disciplinary sanctions for those who violate campus alcohol policies. Students with alcohol or other drug-related problems should be referred for assistance.
4. It should adopt policies restricting the advertisement and promotion of alcoholic beverages on campus.
5. The institution should work with the local community, including local businesses, in a "Town/Gown" alliance to encourage responsible policies toward alcohol consumption and to address illegal alcohol use by students.

34 CFR 86 Drug and Alcohol Abuse Prevention

Alcohol Effects

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgement and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.
